# 1. University Overview

## Greenfield University \* Overview

Greenfield University is a private research university located in Greenfield City. It was founded in 1998 by the Greenfield Educational Trust. The university celebrated its silver jubilee in 2023.

The campus covers 120 acres and includes 42 academic buildings, 4 residential hostels, a central library, a sports complex, and a medical center. The motto of the university is "Knowledge for a Better Tomorrow".

Professor Sarah Mitchell has served as the Vice-Chancellor since 2019. The university currently enrolls approximately 12,000 students and employs 450 faculty members across six faculties.

The six faculties are: Faculty of Engineering and Technology, Faculty of Science, Faculty of Business Administration, Faculty of Arts and Humanities, Faculty of Medicine, and Faculty of Law.

Greenfield University is ranked among the top 50 universities in the national ranking published by the National Education Council in 2025. It holds accreditation from the National Accreditation Board with an A+ grade.

The university colors are green and gold, and the mascot is the Falcon. The official website is [www.greenfield.edu](http://www.greenfield.edu) and the main switchboard number is +1-555-0100.

## 2. Admissions

### Admissions at Greenfield University

#### Undergraduate Admission

Applicants for undergraduate programs must have completed higher secondary education (HSC or equivalent) with a minimum GPA of 3.50 out of 5.00. Admission is based on the university admission test (70 percent weight) and prior academic results (30 percent weight).

The application fee is 40 dollars for local students and 75 dollars for international students. Applications are submitted online through the student portal at [apply.greenfield.edu](http://apply.greenfield.edu).

#### Important Deadlines

The application deadline for the Fall semester is June 15, and classes begin on September 1. The application deadline for the Spring semester is November 1, and classes begin on February 1. Late applications are not accepted.

#### Graduate Admission

For master's programs, applicants need a bachelor's degree with at least a CGPA of 3.00 out of 4.00. PhD applicants must additionally pass a written test and an interview conducted by the respective department.

#### International Students

International applicants must submit proof of English proficiency with a minimum TOEFL score of 80 or an IELTS band score of 6.0. The International Students Office in Room 105 of the Administration Building assists with visas and orientation.

#### Contact

The Admissions Office can be reached at [admissions@greenfield.edu](mailto:admissions@greenfield.edu) or by phone at +1-555-0101. The office is located in the Administration Building, Room 102, and is open Sunday to Thursday from 9 AM to 4 PM.

### **3. Department of Computer Science and Engineering**

Department of Computer Science and Engineering (CSE)

The Department of Computer Science and Engineering is the largest department at Greenfield University. It currently has 45 faculty members, 6 staff members, and more than 800 students enrolled in its programs.

The head of the CSE department is Dr. James Carter, who has been leading the department since 2020. The department office is located in Room 210 of the Technology Building, and the office phone number is +1-555-0120.

Programs offered by the department include the Bachelor of Science in Computer Science and Engineering (4 years, 148 credit hours), the Master of Science in Computer Science (2 years, 36 credit hours), and the PhD in Computer Science (3 to 5 years).

The department operates six specialized laboratories. The Artificial Intelligence Lab is in Room 301, the Robotics Lab is in Room 305, the Networking Lab is in Room 310, the Software Engineering Lab is in Room 315, the Cybersecurity Lab is in Room 320, and the High Performance Computing Lab with 40 GPU workstations is in Room 325. All labs are on the third floor of the Technology Building and are open from 8 AM to 8 PM on weekdays.

Every year the department organizes the Greenfield Programming Carnival, the largest student programming contest on campus, usually held in January. The department also runs a student mentoring program where senior students help first-year students with programming fundamentals.

Graduates of the CSE department have an employment rate of 92 percent within six months of graduation, and the top recruiters include several national and multinational software companies.

## 4. B.Sc. CSE Syllabus Outline

B.Sc. in Computer Science and Engineering \* Syllabus Outline

The Bachelor of Science in Computer Science and Engineering at Greenfield University is a 4-year program of 148 credit hours divided into 8 semesters.

Year 1 (Foundation)

\* Semester 1: Programming Fundamentals (CSE-1101), Discrete Mathematics (MAT-1102), English Composition (ENG-1101), Physics (PHY-1101)

\* Semester 2: Object Oriented Programming (CSE-1201), Data Structures (CSE-1202), Linear Algebra (MAT-1201), Digital Logic Design (CSE-1203)

Year 2 (Core Computer Science)

\* Semester 3: Algorithms (CSE-2101), Database Management Systems (CSE-2102), Computer Architecture (CSE-2103), Statistics and Probability (STA-2101)

\* Semester 4: Operating Systems (CSE-2201), Computer Networks (CSE-2202), Theory of Computation (CSE-2203), Microprocessor and Interfacing (CSE-2204)

Year 3 (Advanced Topics)

\* Semester 5: Software Engineering (CSE-3101), Compiler Design (CSE-3102), Web Technologies (CSE-3103), Numerical Methods (MAT-3101)

\* Semester 6: Artificial Intelligence (CSE-3201), Computer Graphics (CSE-3202), Mobile Application Development (CSE-3203), Elective I

Year 4 (Specialization)

\* Semester 7: Machine Learning (CSE-4021), Deep Learning (CSE-4022), Information Security (CSE-4023), Elective II

\* Semester 8: Internship or Industrial Attachment (CSE-4100, 6 credits) and the final year Project (CSE-4101, 4 credits)

Each theory course carries 3 credit hours and each lab course carries 1.5 credit hours. The minimum CGPA required for graduation is 2.50 out of 4.00. The Machine Learning course CSE-4021 is a prerequisite for the Deep Learning course CSE-4022.

## 5. Machine Learning Course (CSE-4021)

### Machine Learning (CSE-4021) - Course Details

Machine Learning (course code CSE-4021) is a 3-credit elective course offered to final-year B.Sc. CSE students in Semester 7. The course instructor is Dr. Elena Rodriguez, Professor of Computer Science, and the teaching assistant is Mr. Daniel Kim.

Classes are held on Sunday and Tuesday from 10:00 AM to 11:30 AM in Room 301 of the Technology Building. The weekly machine learning lab session takes place on Tuesday from 2:00 PM to 5:00 PM in the Artificial Intelligence Lab.

The course covers the following major topics: introduction to machine learning and Python tooling, linear and logistic regression, decision trees and random forests, support vector machines, unsupervised learning and clustering, principal component analysis, neural networks, convolutional neural networks for images, recurrent neural networks for sequences, an introduction to transformers, and model evaluation with cross-validation and standard metrics.

The required textbook is Pattern Recognition and Machine Learning by Christopher Bishop. Two recommended references are Hands-On Machine Learning with Scikit-Learn, Keras and TensorFlow by Aurelien Geron, and Deep Learning by Goodfellow, Bengio and Courville.

Grading is based on a midterm examination worth 30 percent, a semester-long machine learning project worth 40 percent, and a final examination worth 30 percent. Students must submit the project demo before the 13th week. Attendance below 70 percent disqualifies a student from sitting the final examination.

The prerequisite for this course is Artificial Intelligence (CSE-3201). Students are expected to be comfortable with Python programming and linear algebra. The course uses Python with NumPy, pandas, scikit-learn and PyTorch in the lab sessions.

## 6. Tuition Fees and Scholarships

### Tuition Fees and Scholarships

Tuition fees at Greenfield University are charged per semester. The tuition fee for the Computer Science and Engineering program is 4,200 dollars per semester. The tuition fee for Electrical and Electronic Engineering is 4,000 dollars per semester. The tuition fee for Business Administration is 3,200 dollars per semester. The tuition fee for Medicine is 6,500 dollars per semester.

All students pay a one-time admission fee of 500 dollars and a semester registration fee of 150 dollars. The hostel accommodation fee is 800 dollars per semester, which includes meals from the hostel mess.

Merit scholarships are awarded every semester. The Chancellor Scholarship grants a 100 percent tuition waiver to students with a CGPA of 3.90 or above. The Dean's List Scholarship grants a 25 percent tuition waiver to students with a CGPA between 3.70 and 3.89. The Vice-Chancellor Scholarship grants a 50 percent tuition waiver to the top two students of each faculty every year.

Need-based financial aid covers up to 40 percent of tuition for students from low-income families; applications are due in the first week of each semester at the Student Affairs Office in Room 108 of the Administration Building.

Sibling discounts give a 15 percent tuition waiver to the younger sibling of an enrolled student. Full-time university employees and their children receive a 50 percent waiver.

Scholarship results are published within three weeks of the semester's second week on the student portal. Scholarships are revoked if a student's CGPA falls below the eligibility threshold in two consecutive semesters.

For questions about fees, contact the Accounts Office at [accounts@greenfield.edu](mailto:accounts@greenfield.edu) or +1-555-0140. For scholarship questions, contact the Scholarship Desk at [scholarships@greenfield.edu](mailto:scholarships@greenfield.edu).

## 7. Central Library Services

### Central Library Services

The Greenfield University Central Library is the academic heart of the campus. It is open from 8 AM to 10 PM on weekdays, from 9 AM to 8 PM on Saturdays, and remains closed on Fridays.

The library holds more than 200,000 printed books, 15,000 e-books, and subscriptions to the IEEE, ACM, Springer and JSTOR digital collections. Free access to all digital collections is available from any campus computer using a student ID login.

Students can borrow up to 5 books at a time, and each book can be kept for 14 days. A late fine of 25 cents per day is charged for each overdue book. Reference books, journals, and rare collections must be read inside the library and cannot be borrowed.

The library has two silent reading rooms with 300 seats in total on the second floor. Group discussion rooms can be booked at the front desk for up to 2 hours per day. Photocopy and scanning services are available on the ground floor at 5 cents per page.

Library cards are issued free of charge at the circulation desk in Room 101; students must bring their student ID and one passport photograph. Lost cards are replaced for a fee of 5 dollars.

The Digital Resources Help Desk on the first floor assists students with online journals, reference managers, and plagiarism-check tools. The library also runs a book reservation service: any borrowed book can be reserved online through the library portal at [library.greenfield.edu](http://library.greenfield.edu).

Wi-Fi coverage extends to every floor of the library. The library hosts a "Research Skills Workshop" at the beginning of every semester, and the head librarian, Mrs. Gloria Sparks, can be reached at [library@greenfield.edu](mailto:library@greenfield.edu) or +1-555-0130.

## 8. Hostel and Accommodation Facilities

### Hostel and Accommodation Facilities

Greenfield University operates four residential hostels on campus. The two boys' hostels are called Ash Hall and Oak Hall, and the two girls' hostels are called Birch Hall and Cedar Hall. Together they can accommodate 1,800 students.

### Rooms and Amenities

Every hostel room is shared by two students and comes furnished with beds, study desks, wardrobes, and bookshelves. Each room has high-speed Wi-Fi, and hot water is available 24 hours a day. Common facilities include a gym, a TV room, a prayer room, laundry rooms with washing machines, and a small convenience store in each hostel.

### Mess and Dining

Each hostel has its own dining mess serving breakfast, lunch, and dinner. The monthly mess charge is included in the hostel fee. A standard menu is served every week, and students can request vegetarian meals during registration.

### Fees and Application

The hostel fee is 800 dollars per semester, which includes accommodation and meals from the mess. Students apply for hostel accommodation through the student portal at the beginning of each semester. Hostel seats are allotted on a first-come, first-served basis, so early application is recommended.

### Wardens and Rules

The warden of Ash Hall is Mr. Robert Hale, the warden of Oak Hall is Dr. Samuel Ortiz, the warden of Birch Hall is Mrs. Hannah Lee, and the warden of Cedar Hall is Dr. Amara Okafor. Each hostel is supported by 24-hour security guards and CCTV monitoring.

Visitors are allowed in the common rooms from 9 AM to 8 PM only. Entry gates close at 11 PM, and students returning later must register at the guard desk. Quiet hours are enforced from 10 PM to 6 AM during examination weeks.

For hostel complaints or maintenance requests, students should contact the Hostel Management Office in Room 5 of the Student Affairs Building or email [hostel@greenfield.edu](mailto:hostel@greenfield.edu).

## 9. Sports, Clubs and Student Activities

### Sports, Clubs and Student Activities

Greenfield University encourages every student to join at least one club or sports team. Student activities are coordinated by the Office of Student Affairs in the Student Center building.

#### Sports

The university has men's and women's teams for football, cricket, basketball, volleyball, and table tennis. The annual Inter-Department Sports Meet is held every March at the Central Sports Complex. The university football team, the Greenfield Falcons, won the National University Football Championship in 2024. The sports complex stays open from 6 AM to 9 PM and includes a swimming pool, a 400-meter running track, and four floodlit tennis courts.

#### Major Clubs

The Robotics Club meets every Wednesday at 4 PM in the Robotics Lab of the Technology Building, and its faculty advisor is Dr. Nathan Brooks. The Robotics Club won the National Robotics Olympiad in 2023 and 2024.

The Debate Club meets every Thursday at 3 PM in Room 201 of the Arts Building under the guidance of faculty advisor Professor Laura Chen. The Programming Club organizes weekly contests every Friday evening and is advised by Dr. James Carter.

The Music Society rehearses in the Student Center on Tuesdays at 5 PM, the Photography Club organizes a campus photo walk every month, and the Drama Club stages two full-length plays every year in the university auditorium.

#### Events

The biggest event of the year is the Spring Festival, a three-day cultural festival held in the first week of April with concerts, food stalls, and a gaming tournament. The Greenfield Hackathon, a 24-hour coding competition, takes place every October and attracts more than 500 participants from universities across the country.

Students can register for any club during Club Sign-Up Week at the start of each semester, or anytime by emailing the club's faculty advisor. A full list of the 27 registered clubs is available at the Office of Student Affairs, Room 112.

## Emergency

The 24-hour campus emergency hotline is +1-555-0911. The campus medical center is located next to the sports complex and is open 24 hours; its emergency number is +1-555-0912. Security control room: +1-555-0913.

The IT Helpdesk resolves password resets, Wi-Fi problems, and portal access issues; walk-in service is available from 9 AM to 6 PM on working days, and tickets can be submitted anytime at [helpdesk@greenfield.edu](mailto:helpdesk@greenfield.edu).

## 11. Academic Calendar and Examinations

### Academic Calendar and Examinations

The academic year at Greenfield University has two semesters: Fall (September to December) and Spring (February to June). Each semester has 14 teaching weeks followed by an examination period.

#### Examination Schedule

Midterm examinations for the Fall 2026 semester will be held from October 20 to October 27. The final examinations for the Fall semester are scheduled from December 8 to December 19. For the Spring semester, midterms take place in the second week of April and finals run from June 1 to June 12.

The complete examination routine is published on the student portal at least four weeks before each examination period. Students must bring their student ID cards and admit cards to every examination.

#### Results and Grading

Semester results are published within three weeks after the last examination on the student portal. The grading scale runs from A+ (90 percent and above, 4.00 grade points) down to F (below 40 percent, 0.00 grade points). A CGPA of at least 2.50 out of 4.00 is required to graduate.

#### Retake and Improvement

Students who fail a course may take a retake examination in the following semester, and a student may retake a maximum of five courses during the entire program to improve grades. Retake registration closes two weeks after semester results are published.

#### Other Important Dates

The last date for course registration and dropping courses without penalty is the 10th day of each semester. Tuition payment for each semester is due within the first two weeks; a late payment fee of 50 dollars applies after the deadline. The mid-semester break is one week long and follows the midterm examinations.

## 12. Campus News

Campus News \* Greenfield University

### New AI Research Center Inaugurated

On 15 August 2026, Greenfield University inaugurated the Center for Artificial Intelligence Research (CAIR) on the third floor of the Technology Building. The center houses 24 GPU workstations and will host joint projects with industry partners. Dr. James Carter, head of the CSE department, has been appointed as the founding director of CAIR. The center will offer ten funded research assistantships to graduate students every year starting from Spring 2027.

### Falcons Win the National Robotics Olympiad Again

The Greenfield University Robotics Club defended its title at the National Robotics Olympiad held on 2 September 2026, defeating 48 competing universities. The winning robot, named Falcon-X, completed the obstacle course in 94 seconds, the fastest time recorded in the competition's history. Team captain Meera Patel led the seven-member team advised by Dr. Nathan Brooks.

### New Campus Bus Routes Announced

From 1 October 2026, the university transport office added two new bus routes: Route C connects the Central Library with the Railway Station every 30 minutes from 7 AM to 10 PM, and Route D serves the Lakeside residential area every hour. All full-time students ride every campus bus for free with a valid student ID card.

### Greenfield Hackathon 2026 Registration Open

Registration for the Greenfield Hackathon 2026 is now open on the student portal. The 24-hour coding competition will be held on 17-18 October 2026 in the Software Engineering Lab and is expected to attract more than 500 participants. This year's theme is AI for Public Good, and the total prize pool is 10,000 dollars.
